

Thursday November 2, 2023: Pre-symposium Focus sessions with hands-on workshops		
Pacific Time	Speaker	Topic, event description
7:30-8:00		Registration, breakfast and exhibits
8:00-11:00	Shahram Ghanaati	Hands-On Workshop: Floating implant: simultaneous implant placement with sinus augmentation with ceramic implant
11:00		Lunch
11:30-2:00PM	Stephen Wallace	Hands-on workshop: Sinus Augmentation Using Diamond Rotary System (DASK)
11:00		Break
11:30-2:00PM	Homa Zadeh	Hands-on workshop: Crestal sinus augmentation with dynamic navigation
Friday November 3, 2023		
Pacific Time	Speaker	Topic, event description
8:00-9:00		Registration, breakfast and exhibits
8:45	Homa Zadeh	Introduction
9:00	Stephen Wallace	Evolution of the Lateral Window Sinus Elevation Surgical Technique
10:45		Break and exhibits
11:15	Pascal Valentini	Maxillary Sinus Grafting using the lateral approach: "What I Did and What I Do Now"
1:00		Lunch
2:00	Shahram Ghanaati	Innovative treatment approaches for the atrophic posterior maxilla
2:45	Taylor R. Carle	Sinus Development and Anatomy: Common pathologies that affect the maxillary sinuses, Medical and surgical management of sinonasal disease
3:45		Break
4:00	Homa Zadeh	Augmentation vs non-augmentation options for the moderately atrophic posterior maxilla
4:30		Panel discussion
5:00-6:00		Raffle drawing and Cocktail reception
Saturday November 4, 2023		
Pacific Time	Speaker	Topic, event description
8:00-9:00		Registration, breakfast and exhibits
9:00	Tiziano Testori	Simplified Antrostomy Design (S.A.D. Technique) in maxillary sinus surgery: lateral approach & simultaneous horizontal augmentation
10:45		Break and exhibits
11:15	Vishtasb Broumand	<i>Graftless reconstruction of the severely atrophic maxilla</i>
1:00		Lunch
2:00	Shi Yin	<i>Division 2 Block and Palatal Approach Maxillary Sinus Augmentation</i>
3:00	Pascal Valentini	Sinus post-operative complication and management
3:45		Break and exhibits
4:00	Homa Zadeh	Dynamic navigation surgery for maxillary sinus augmentation
4:30		Panel discussion
Sunday November 5, 2023: Post-symposium Cadaver workshop		
Pacific Time	Speaker	Topic, event description
7:30-8:00		Registration, breakfast and exhibits
8:00-5:00	Tiziano Testori & Pascal Valentini	Cadaver Hands-On Workshop: Maxillary sinus augmentation complete protocol and material selection
