Course Structure and format

Module 1: Online On-Demand Content

- Duration: 40 Hours
- Format: Online lectures and clinical videos
- CE Units: 40 CE Units
- Tuition: \$3995
- Description: Study at your own pace with comprehensive online materials, including detailed lectures and real-life clinical videos.

Module 2: In-Person Session

- Dates: January 31 to February 2, 2025
- Venue: VISTA Institute for Therapeutic Innovations
- Format: Lectures, hands-on workshop on simulation models and pig jaws, live surgery demonstration.
- CE Units: 24 CE Units

Module 2 Tuition:

\$2995 (by Nov 15, 2024)
\$3295 (by Dec 31, 2024)
\$3495 (after Jan 1, 2025)

- Description: Most of the didactic lectures are provided online so that the 3-day intensive in-person session is spent with practice skill-building exercises and live surgery demonstrations to solidify one's skills.

Module 3: Live Patient Surgery

- Format: Individual sessions arranged with participants
- Description: Apply your knowledge in a real clinical setting by performing implant surgeries on patients under expert supervision.
- Tuition: To be arranged on individual basis
